BELLEUVUE, Wash. --(BUSINESS WIRE)--July 21, 2008--Puget Sound Energy (PSE), utility subsidiary of Puget Energy (NYSE:PSD), and Puget Holdings LLC (Puget Holdings), a consortium of long-term infrastructure investors, today announced that they have reached a settlement to resolve all issues with several of the parties involved in the merger proceeding before the Washington Utilities and Transportation Commission (UTC). The UTC must still review the settlement and other evidence in the proceeding and issue its decision on the merger request.

In addition to PSE and Puget Holdings, the parties that have reached an agreed resolution of the issues include the UTC staff, the Industrial Customers of Northwest Utilities (ICNU), Northwest Industrial Gas Users (NWIGU), the Energy Project, the Northwest Energy Coalition, and The Kroger Company. The Cogeneration Coalition has indicated it will not oppose the settlement.

The parties have notified the administrative law judge in the UTC case via letter that they will file a settlement stipulation as early as tomorrow or Wednesday outlining the settlement agreement. In the settlement stipulation, the parties intend to request that the UTC suspend the current procedural schedule and set a prehearing conference as soon as possible to determine a procedural schedule for hearing on the settlement.
